Introduction 1
Ray C. Rist

The Premise 1
Inequality and the Evaluation Literature 2
Postscript 4
References 4

Part One: Analytical Framework 7

Chapter 1. Moving the Discussion from Poverty to Inequality: Implications for Evaluation 9
Paul Shaffer

Introduction: The Return of Inequality 9
Expanding Dimensions of Deprivation or Social “Bads” 11
Shifting Causal Analysis to Social Structures and Relationships 14
Widening Policy Instruments and Programming Options 17
Conclusion 18
Notes 19
References 19
Part Two: Empirical Measurement of the Performance and
Results of Poverty and Inequality Reduction
Programs and Projects

Chapter 2. Evaluations as Catalysts in Bridging
Developmental Inequalities
Rashmi Agrawal and Banda V. L. N. Rao

Introduction 25
Focus on Equity and Equality in India 27
Evaluations and Equity Issues 28
Case Studies from India 29
Equity Interventions Leading to Lower Inequality 31
Persistent Inequalities despite Improved Equity 33
Are Evaluations the Answer to Every Problem? 35
Conclusion 37
Notes 37
References 38

Chapter 3. Evaluating Value Chain Development Programs:
Assessing Effectiveness, Efficiency, and Equity
Effects of Contract Choice
Rued Ruben

Introduction 39
Setting the Stage 40
The Rise of Private Sector Development Programs 42
Value Chain Development: An Analytical Perspective 43
Value Chain Impact Analysis: Focus on Development Effectiveness 46
Value Chain Modeling: Insights in Equity 48
Contract Choice in Value Chains: Understanding Uncertainty 50
Conclusions and Outlook 53
Notes 54
References 54

Chapter 4. Assessing Growth and Its Distribution in
IFC Strategies and Projects
Ade Freeman and Izlem Yenice

Introduction 57
Poverty Focus at the Strategic Level 58
Poverty Focus in IFC Projects 66
Chapter 5. Addressing Inequality and Poverty: An Evaluation of Community Empowerment in Jordan
Ann M. Doucette

Introduction 73
Jordan River Foundation 74
The Context 75
Community Empowerment Program 76
Evaluation Approach 77
Evaluation Findings 84
Summary and Conclusions 94
Notes 95
References 96

Chapter 6. Determining the Results of a Social Safety Net Program in St. Lucia
Paulette Nichols, Bobb Darnell, and Frederic Unterreiner

Introduction 97
Initial Design and Objectives 98
Beneficiary Households 103
Evaluation Methodology 104
Evaluation Findings 110
Recommendations 116
Conclusion 118
Notes 119
References 120

Chapter 7. HIV/AIDS Services Delivery, Overall Quality of Care, and Satisfaction in Burkina Faso: Are Some Patients Privileged?
Harounan Kazianga, Seni Kouanda, Laetitia N. Ouedraogo, Elisa Rothenbuhler, Mead Over, and Damien de Walque

Introduction 121
Methods: Sampling and Survey 123
Data Analysis 125
Chapter 10. Assessing the Performance of Poverty and Inequality Reduction Programs: The Cases of Malaysia and Sabah and Sarawak States

Introduction 195
Overview of Poverty and Inequality Profile in Malaysia 197
Performance of Poverty and Inequality Reduction Programs 202
Recommendations to Improve Poverty Reduction and Inequality Programs in Malaysia 204
Notes 207
References 208

Chapter 11. Why Developing Monitoring and Evaluation Capacity Is Critical to Understanding and Addressing Issues of Poverty and Inequality

Introduction 209
Measuring and Monitoring Progress on Poverty Reduction and Inequality: The Experience of Botswana 210
What Is Implied by the New Paradigm for Monitoring and Evaluation? 215
Steps to Building Capacity to Monitor and Evaluate across All Sectors 218
Implications of the Model for M&E Capacity Development 227
Some Concluding Remarks 228
Notes 235
References 235

Chapter 12. Managing to Reduce Inequality: Does the Changing AIDSscape and the Need to Reduce Inequality Require a New Approach to Managing Aid?

Tom Ling

Introduction: The Current Approach to Managing Aid Is Confused 237
Implications for International NGOs 242
Conclusion: Managing beyond RBM and LFA 247
Notes 248
References 249
Part Four: Implications of Moving from Poverty Reduction to Inequality Reduction for Evaluation

Chapter 13. Bringing Inequality Back in from the Cold: Toward a Progressive Evaluation Model
Robert Picciotto

Introduction
The Context
The Inequality Challenge
Filling the Values Gap
Putting Equity at the Center of the Evaluative Process
Adopting New Metrics
Examining the Global Policy Dimension
Toward a Progressive Evaluation Model
Notes
References

Conclusion
Ana Maria Fernandez and Frederic P. Martin

First Contribution: Clarifying the Underlying Analytical Framework
Second Contribution: Assessing the Impact of Policies, Programs, and Projects and Making Recommendations for Poverty and Inequality Reduction
Third Contribution: Assessing How Public Management Systems Can Contribute to Poverty and Inequality Reduction
Getting the Evaluation Community to Address Inequality
Conclusion
Notes
References

Boxes
4.1 The Private Sector, Growth, and Poverty Reduction
4.2 Evidence from Case Studies: Affordable Services and Expanded Access to Services
4.3 Innovations Making Services Affordable
4.4 Evidence from Case Studies: Integrating Business and Social Motivations
4.5 Understanding Beneficiaries’ Needs
5.1 Summary of CEP Projects Evaluated
8.1 Civil Society Groups
8.2 Operational Definitions
8.3 Three Main Components of a Logic Model
8.4 Summary Findings of Two Goals
8.5 Lessons Learned from What We Decided Not to Do

Figures
2.1 Poverty Rate in India, 1993–2010
2.2 Literacy Rate and Gender Gap in India, 1981–2011
2.3 Enrollment in Higher Education in India, by Gender, 1950–2011
2.4 Overall and Child Sex Ratio in India, 1961–2011
2.5 Role of Evaluations in Promoting Equity and Equality
3.1 Supply Chain Structures
3.2 Impact of Fair Trade Certification
3.3 Distribution of Value in International Horticultural Value Chains
3.4 Simulation of Transaction Costs under Different Procurement Regimes
3.5 Contract Choice Characteristics of PPP Arrangements
4.1 Conceptual Framework Guiding Assessment of IFC’s Contribution to Poverty Reduction
4.2 Concentration of IFC and World Bank Investment and FDI in Top-Four IDA Countries, 2000–10
4.3 IFC and IDA Support to MSMEs through Financial Intermediaries, 2000–10
4.4 Inclusiveness Index and ERR
5.1 Basic Theory of Change for the Jordan River Foundation’s Community Empowerment Program
6.1 A Posteriori Logical Model of the Koudmen Sent Lisi Pilot Program
6.2 Koudmen Sent Lisi Program Timeline
8.1 Donor Government Commitments and Disbursements for HIV/AIDS, 2002–12
8.2 A Logic Model of the Program Theory of Change: Linking Community Response Inputs to HIV/AIDS–Related Impacts
8.3 Design and Implementation of the Evaluation, 2008–13
8.4 Focus of CBO Activities in Kenya and Nigeria
9.1 Five-Step Approach Followed for the NDP Evaluation in Costa Rica
9.2 Positioning the NDP in the Results-Based Management Cycle
9.3 Phases of the Strategic Planning Technical Process
10.1 Poverty in Malaysia, 1970–2004 .................................................. 196
10.3 Linking the Strategic Planning to Operational Planning and Budgeting ........................................................................... 205
10.4 Articulation between Development Performance Measurement Frameworks and Monitoring and Evaluation Systems ................................................. 206
10.5 Integrated Approach to Building Capacities of Central and State Governments in Managing Poverty and Inequality Reduction Programs ............ 207
11.1 Assumptions and Risks Underlying a Well-Functioning M&E System ......................................................................................... 216
11.2 A National Integrated M&E Framework: Measuring Performance at Three Levels (I, III, and IV) ......................................................... 221

Maps
  4.1 Poverty Map of Brazil ................................................................. 62
  5.1 Jordan River Foundation Locations Visited ............................... 82

Photos
  5.1 Record Page: Olive Press ....................................................... 87
  5.2 Tractor Transportation, Wadi Araba ....................................... 88
  5.3 Harvesting Cucumbers, Wadi Araba ....................................... 89
  5.4 Halima Al-Qa’aydeh Introduced Quality Control to the Bani Hamadi Women's Weaving Project ......................................................... 90
  5.5 Grocery Store at Bus Complex ............................................... 92
  5.6 Community Recreation Center .............................................. 93

Tables
  2.1 Average Monthly Per Capita Expenditure in Rural and Urban Areas of India, by Social Group, 2009–10 ................................................. 34
  2.2 Changes in Average Monthly Per Capita Expenditure of Various Social Groups Relative to the Total Population in Rural and Urban Areas of India, 1999–2000 to 2009–10 ................................................. 35
  6.1 Design Features of the Koudmen Sent Lisi Pilot Program in St. Lucia ......................................................................................... 107
  7.1 Frequency of Patients' Positive Answers on Whether Questions on Their Medical History Were Asked during the Visit to a Health Facility in Burkina Faso ................................................. 124
  7.2 Summary Statistics for Patients Visiting Health Facilities in Burkina Faso .................................................................................. 126
7.3 Estimated Fixed Effects of Quality of Care in Burkina Faso
7.4 Estimated Fixed Effects of Up-front Costs in Burkina Faso
7.5 Estimated Fixed Effects of Waiting Time in Burkina Faso
7A.1 Estimated Fixed Effects of Health Care Quality Index Based on HIV/AIDS–Specific Questions in Burkina Faso
7A.2 Estimated Fixed Effects of Health Care Quality Index Based on Non-HIV/AIDS–Specific Questions in Burkina Faso
8.1 Summary of Donor Funding of Civil Society Organizations (CSOs)
8.2 Evaluation Portfolio: Focus and Methodologies by Study
8.3 Sample Sizes in the Evaluation Portfolio
8.4 Dimensions of the Community Response Analyzed in the Country Evaluations
8.5 Community Groups in Manicaland, Eastern Zimbabwe
8.6 Value of Unpaid Volunteers as a Percentage of CBO or NGO Budgets in Kenya, Nigeria, and Zimbabwe
9.1 Criteria to Grade Challenges among Data Sources in Evaluation of the NDP in Costa Rica
9.2 Dimensions of the M&E System and Performance Indicators and Subindicators in A4R for Cambodia
10.1 Poverty Incidence by State, 2002
10.2 Poverty Incidence of Ethnic Minority Populations in Malaysia, 2002
10.3 Characteristics of Poor and Hard-Core Poor among Ethnic Minority Groups in Sabah, Malaysia, 2002
10.4 Characteristics of Poor and Hard-Core Poor among Ethnic Minority Groups in Sarawak, Malaysia, 2002
11.1 Measuring, Monitoring, and Reporting on Poverty and Inequality in Botswana
11.2 Key Policies and Programs to Fight Poverty and Inequality in Botswana
11.3 Typical Challenges and Realities to Consider in Developing a Country-Owned National M&E System
11.4 Key Components of Infrastructure for a National M&E System
11.5 Roles and Responsibilities of the Main Players in a National M&E System
12.1 Addressing the Binding Constraints: Structural, Underlying, and Proximal
13.1 Human Well-Being and Evaluation
